

We are hiring

Would you like to be part of our growing dynamic, global team? South Pole Group is a vibrant, international company focusing on providing sustainability solutions for private and public entities to improve the state of the climate, society and the environment. With offices and operations spanning all continents, the company has a wide range of high-quality products, such as carbon credits, renewable energy certificates and investment climate impact assessments that address climate change and corporate operations. South Pole Group also provides cutting edge consulting services to international clients. Our mission is to inspire and to enable our customers to create value from sustainability-related activities.

For strengthening our online and offline media footprint and to boost the visibility and impact of our various industry sector campaigns, we are employing a highly motivated and dynamic

Communications Specialist (80-100%) based in Bangkok, Jakarta or Sydney

Our global Marketing team is gearing up to take the company to its next level. We are seeking a dedicated and resourceful communications professional who can complete our global communications team. In close cooperation with the Communications Manager, you will be in charge of managing, curating and optimising our communications outreach across all channels. This is a challenging position requiring an enthusiastic and dynamic communications professional who has previous experience in content creation and digital media. You should be passionate about helping to save the climate as part of your daily work.

Tasks and responsibilities

- Communications strategy
Support with the implementation of South Pole Group's communications strategy
- Website management
Maintenance and adaptations of website: support with content production, assume ownership of CMS
- Social media & community management
Implementation of South Pole Group's social media strategy
- Project communication
Ensure adequate documentation of the company's emission reduction projects with a focus on Australian projects
- Newsletters
Implementation and send-out of industry-sector specific external newsletters, as well as the company's internal newsletter
- Content creation support
Curating internal and external content production for news articles, blog articles, events, media releases, social media, interviews

Your profile

- University degree in Marketing or Communications
- 1 to 2 years of relevant working experience and a proven track record in journalism, communications or corporate publishing
- Native language English

- Experience with web-based content management systems, e.g. WordPress or Drupal
- Passion for environmental issues and understanding of sustainability, CSR and related topics
- Ability to work in an interdisciplinary, globally dispersed team as well as independently
- Outstanding planning and time management skills
- Eagerness to grow and learn in an evolving environment
- National, or holder of a valid required work visa

We offer

- Collaboration in a challenging and exciting global company with a real purpose
- Work with highly dedicated and motivated experts of South Pole Group's dynamic team
- Excellent team spirit
