

We are hiring

Would you like to be part of our dynamic, global and growing team? South Pole is an energetic, global company offering comprehensive sustainability solutions and services. With offices spanning all six continents, we strive to create a sustainable society and economy that positively impacts our climate, ecosystems and communities. With our solutions we inspire and enable our customers to create value from sustainability-related activities.

To further promote environmentally and socially responsible practices, we are currently looking to recruit a highly motivated and dedicated

Junior Project Manager (100%) based in Beijing, China

As a Junior Project Manager, you will support the preparation of documents and gathering information relevant to the success of South Pole's projects. South Pole develops high quality emission reduction projects under reputed carbon standards such as the CDM, VCS and the Gold Standard; these projects are typically developed in Renewable Energy, Waste Management, Energy Efficiency and Fuel Switch sectors, leading to issuance of carbon credits. If you are familiar with the different carbon standards and are passionate about sustainability and climate change, then we are looking for you!.

Tasks and responsibilities

- Support Project Managers on documents preparation
- Draft project design and monitoring reports as per the needed standards.
- Perform project site auditing when needed
- Follow Chinese carbon and renewable energy market development

Your profile

- A Bachelor's degree or higher, ideally in Environmental Sciences, Energy, Economics or sustainability-related disciplines
- At least 1-3 years of relevant work experience for Bachelor degree holders. At least internship experience for Master degree holders.
- Knowledge of carbon products and markets would be strong plus, preferably including one or more of the following:
 - project-based carbon standards, technologies and project development processes, eg CCER, CDM, GS or VCS
 - global carbon reporting standards (e.g. CDP, GHG Protocol)
- Native Chinese Mandarin speaker or equivalent. Good oral and written command of English is a must.
- Ability to work in a fast-paced environment and a can-do attitude
- National, or holder of a valid work visa in host country

We offer

- Collaboration in a challenging and exciting global company with a real purpose
- Work with highly dedicated and motivated experts of South Pole's dynamic team
- Excellent team spirit
- Opportunity to grow with the company and take more responsibilities

Please apply

If you are interested in joining a young and international team looking to make a difference to the world we would be happy to hear from you! Women are especially encouraged to apply. Please send your application in English directly through our [website](#). If you have any questions regarding this vacancy, please contact Ms. Tiara Anggraeni on +62 21 7207567 or on jobs@southpole.com.
