As a Junior Project Manager, you will support our team of Project Managers in the preparation of documents and in gathering relevant information for South Pole's (SP) projects success. In addition, you will also be responsible for supporting our work within sustainable cities in India from a financing issues and sectoral approach.

If you are familiar with the different carbon standards and are passionate about sustainability and climate change, then we are looking for you!

Tasks and responsibilities

- Support Project Managers with projects documents preparation
- Develop project documents under various carbon standards
- Deal with project financing issues and understand sector challenges (waste, water, air and traffic)
- Communicate with carbon standards on project specific issues
- Gather relevant information and share knowledge

Your profile

- A University degree or equivalent in relevant areas such as Energy, Environment, Economy, Finance or Equivalent
- 1-2 years of direct experience in the carbon market
- Experience in advisory on climate finance and sustainable cities is a plus
- Knowledge on carbon finance and project development cycle under various carbon standards is desirable
- Ability to source new projects is an advantage
- Flexibility for travel national and internationally within Asia and Africa
- Ability to work in a fast-paced environment and a can-do attitude
- Excellent written and oral command of English and Hindi; further languages such as Gujarati, Bengali or Tamil are a plus
- National, or holder of a valid work visa in host country

We offer

- Be part of a growing and multicultural company with a real purpose
- Excellent team spirit; work with dedicated and enthusiastic people
- Opportunity to grow with the company and take more responsibilities
