

We are hiring

Would you like to be part of our dynamic, global and growing team? South Pole is an energetic, global company offering comprehensive sustainability solutions and services. South Pole acts today 'for a better tomorrow'. With offices all around the globe, we accelerate the transition to a climate-smart society. Our vision is "Climate Action for All": We inspire and enable our customers to create value from sustainability-related activities.

To further promote environmentally and socially responsible practices, we are currently looking to recruit a highly motivated and dedicated

Junior Full Stack Developer (80%-100%) based in Berlin, Germany

At South Pole, we believe that climate action is more than the title of a PowerPoint slide. That's why we work both on the field - developing emission reduction projects, as well as in the office - developing tools that empower organizations, governments and individuals alike to fight climate change. We are looking for a Junior Full Stack Web Developer to join our team. In this role, you will work on a new application for trading carbon emissions certificates, as well as on its integration within our existing technology landscape. The development team uses Agile methodologies where all roles collaborate with one another to complete each unit of work – the story. If you can thrive in a fast paced environment where change is constant, then you are the person we are looking for!

Tasks and responsibilities

- Design, implement, and unit test both frontend and backend application code
- Support the team in delivering against the agreed product roadmap

Your profile

- Bachelor's degree in Computer Science or related field, or equivalent practical experience
- 2-3 years of web development experience
- Proficient with ReactJS, Node JS, HTML 5, ES6, CSS
- Strong data modelling skills
- Self-starter and independent problem-solver
- Excellent communication skills

We offer

- Excellent team spirit within the world's leading independent sustainability company
- Be part of a growing and multicultural company
- Work autonomously as well as within a large and international team of passionate sustainability professionals

Please apply

If you are interested in joining a young and international team looking to make a difference to the world we would be happy to hear from you! Please send your cover letter and CV directly through our [website](#). If you have any questions regarding this vacancy, please contact us on jobs@southpole.com.
