

We are hiring

Would you like to be part of our dynamic, global and growing team? South Pole is an energetic, global company offering comprehensive sustainability solutions and services. South Pole acts today 'for a better tomorrow'. With offices spanning all six continents, we accelerate the transition to a climate-smart society. Our vision is "Climate Action for All": We inspire and enable our customers to create value from sustainability-related activities.

To further promote environmentally and socially responsible practices, we are currently looking to recruit a highly motivated and dedicated

Sustainability Intern (100%) based in Mexico City, Mexico

As a Sustainability Intern, you will be joining our Consultancy and Services team. You will support our sustainability experts by conducting research tasks related to sustainable finance, public advisory and corporate sustainability, such as sustainable supply chains, climate risks and opportunities, clean technology, and renewable energy. You will seek, organise and generate data which will support our team with the preparation of deliverables for mandates and business development products. This position will give you a unique opportunity to apply and enhance your skills acquired at university. If you are an enthusiastic and dynamic person with an academic background in sustainability and you are passionate about helping to fight climate change as part of your daily work, then we are looking for you.

Tasks and responsibilities

- Execution of research tasks in areas related to sustainable finance, public advisory, corporate sustainability, sustainable supply chains, climate risks and opportunities, clean technology and renewable energy
- Support in preparing project deliverables and proposals related to South Pole's sustainability topics

Your profile

- A university degree in Finance, Economics, Environmental Science, Environmental Engineering, Political Sciences, or related disciplines
- A Master's degree will be an advantage
- Independent and pro-active worker who is diligent and reliable
- Excellent research, analytical and methodological skills
- Fully comfortable in conducting research tasks and creating reports
- Excellent oral and written command of English and Spanish
- Previous work experience is an advantage but not mandatory

We offer

- Excellent team spirit
- Be part of a growing and multicultural company with 250 staff in 18 offices worldwide
- Collaborating in a challenging and exciting global company with a real purpose
- Acquiring an understanding of the current state of play in sustainability issues and grow your skills in this topic
- Working with highly dedicated and motivated experts of South Pole's dynamic team

Please apply

If you are interested in joining a young and international team looking to make a difference to the world we would be happy to hear from you! Please send your cover letter and CV directly through our [website](#). If you have any questions regarding this vacancy, please contact us on jobs@southpole.com.
